LUNCHEON MEETING – Tuesday, March 9, 2021
The **Los Angeles CPCU Society Chapter** Officers and Directors invite you to our **Monthly Business Meeting** and to join us for a presentation by:

Abi Potter Clough – CEO of AbiLeads

“Life After Leaping In- Change Management in a Changing World”

**Pending CE Credit Approval*

Discussion Topic

What happens after you leap in, give it your all, and something changes outside your control? Layoffs, mergers, promotions, and job relocations are the new constants in many industries. How do you prepare yourself for change and manage it after a change has happened to you? How do you recover, rebound, and excel after change? Presented through an engaging memoir style based on the author’s book of the same name, this interactive session we will explore various change management models in order to help participants understand popular change management theories and uses. Abi’s proprietary model, the LEAP Change Management Model, will be introduced.
